Letter No 622 & 27 June 85. 391

From President Int. Comm.

Pauper lunatics.

The Committee of the Town Council at a Special Meeting held on the 24th June 85 passed a Resolution to the effect that the Committee desire to distinguish clearly between pauper lunatics requiring Medical ~~&c~~ treatment and simple pauper lunatics. In the latter class the Society held itself responsible but for the former the Committee considered that arrangements wholly independent of the Society are required.

2. The President, who was a member of the Committee of the Town Council, had

Serial No. 1.

addressed a letter (No 752) on the same day to Presidt. Int. Comm. and requested that the matter referred to in the above Resolution might be considered at the Meeting of the Int. Comm. to be held on the 27 June when it was stated he attached much importance to this subject being mentioned. That nevertheless it would be best if perfectly separate Institutions could be established for the above class of paupers but as this would not be practicable at present there was likely to be for the Comm. the President suggested that a Separate Ward attached to the Brown Hospl.

and superintended by the Medical Officers might with more economy, meet the exigencies of the case, and asked for the views of the Commissioners at an early date.

3. In reply No 613 of 25-6-85 the Principal Inst. Comm. stated that the above letter would be read at the Board Meeting on the 27 Inst. and the views of the Comm. communicated in due course. Serial No: 2.

4. The President now forwards with letter No 622 of 27 June 85 extract from Prov. of the Meeting of the 27th (No: 3).

5 At the Meeting it was proposed by the President and unanimously carried that a Sub-Committee of six of the Municipal Comm. be appointed to call a Meeting of the Inhabitants of Ootacamund at which the Resolution will be carried if he so proposes to Municipality, with the object of causing subscriptions to form a Charitable Institution in the Hospital of the Nilgiris Charitable or Masons where incurable paupers can be housed and fed - also to consider whether such an Institution would not obviate the necessity for a Dispensary at Utacamund.

13. My own impression is that there is no need
in Bangalore for an institution on the scale of the
Mowgan Choultry, & that our best plan for meeting
the present & prospective want in regard to incu-
rable paupers is to come to terms with the Friend in
Need Society for the occupation of the separate brick
buildings wh. it now lets out in apartments on hire,
to obtain at a cheap rate the services of a medical
man duly qualified to look in daily on the incurables,
& to raise by public meeting or otherwise as many be
found desirable the funds necessary for endowing
an incurable ward on economical principles. This
I have told Major Malby, who is Hon. Sec.y to the Friend
in Need Society - & he has promised to call a general meeting
of the Committee of the Society on the 19th inst. to
further consider the question. There are various reasons
why I think this case had better be dealt with
apart from that of the Ulsoor Dispensary. Let this

present the Ward is in the Friend in Need Society's premises. There are now eight patients in it. The likelihood is that the number will increase: if so we shall need other accommodation; & there is a general feeling that such accommodation should not be in the town, but away from the crowded parts & in separate ground of its own. Under such circumstances a suitable site & appropriate buildings (of an inexpensive nature) would be requisite. The total amount of private subscriptions, when all outstandings have been realized, is not likely to exceed Rs 2200, & of this sum, as I learnt yesterday from conversation with Col. Wroughton, the Hon.ᵇˡᵉ Sec.ʸ, about Rs 600 will be spent on adapting the building allotted to us by the Fund in N Society for the purpose

of the Ward. Supposing removal to
a suitable site with fresh buildings be
eventually necessary I should like
it to be in the power of this Residency
to double the amount raised by private
subscription. To this end can the Resy.
include Rs 2200 in next years budget
with the certainty that the money thus
assigned by him will be available
for the object in view - or must
he first have the Govt. of India's sanction
to the item, as being a new one?

The main portion of the Tobacco Estate belongs to the Government & the portion next to the Lock Hospital to the Station Municipality with which we cannot interfere.

Mr. Hewetson's proposal that the main building be utilized by the Rt. Hon'ble Court or a portion of it be made the quarters of a Chief Constable, has apparently not been accepted by Mr. Fitzpatrick who has

left an opinion on record that a part of the 'Octroi Koti' "might be lent to Col: Wroughton – the whole of it would be more than would be required for his purpose – at least for the incurables for whom I (Mr. Fitzpatrick) understand he wants it". Para 3 of note on file № 344 of 1887.

Further, in regard to the disposal of the Octroi Koti, Mr. Fitzpatrick has in para 3 of note on file 344/87 remarked that "nothing can be settled until we make up our minds as to whether the District Officers are to be accommodated in the new building (The Public Offices portion of the Station)

Mr. Fitzpatrick hearing that Col: Wroughton had some idea of selling the premises in possession of the Friend-in-need Society, has recorded in para 42 of note on file 344/87 as follows:-

Proceedings of a General Committee held at Bangalore on Friday the 11th March 1887 363

1. The Honorary Treasurer submits the accounts of the Girdlestone Ward for Incurables for the year ending 31 Dec 1886 — Passed

2. Read letter dated 8th March 1887 from Doctor Dobson offering the following suggestions

That every case for admission to the "Girdlestone Ward for Incurables" be directed to attend at the Bowring Hospital to be pronounced by him as a fit and proper subject for admission

It is already the rule, acted upon in all ordinary cases, that candidates for admission be sent to the Resident Surgeon to be certified by him as fit for admission but many cases may occur in which this procedure would be inconvenient or unnecessary, and the Committee decline to make the rule absolute

That a Hospital assistant about to be pensioned be placed in charge of the Incurable Ward and make his report daily to the Bowring Hospital and to the Superintendent of the Friend in Need Society

The Committee do not feel able to adopt this proposal as they are satisfied with the way in which Doctor Pereira has served them and think that with reference to the class of patients admissible to the Ward (in accordance with the 6th Resolution of the first General Meeting) the attention he is able to give them is all that is required The Committee are also of opinion that the adoption of Doctor Dobson's proposal would involve a division of authority which would do harm to the management of the Friend in Need Society and the Incurable Ward

That the sick in the Cantonment Poorhouse as well as the inmates in the Ward for Incurables be attended under orders from the Bowring Hospital

for the above reasons the Committee are not prepared to adopt this proposal

Resolutions

Resolved

That this Committee desires to distinguish clearly between persons incurables requiring medical treatment and simple paupers incurables. For the latter it holds itself responsible as it always has done.

For the former it considers that arrangements, wholly independent of the Friendly Aid Society are required, but pending such arrangements it is proposed as a temporary measure to make adequate provision for them

The 1st proposition that was brought forward before the meeting of the General Committee of the Girdlestone Ward for Incurables held on the 21st Decr 1887 was the letter from the President Municl Commrs, C+ In Station, asking for a Statement of receipts + disbursements of the Ward from date of opening to 31st October + a similar Statement for Novr 87.

2. The Municipal President remarked that pending the receipt of the above account the payment of the Municipality's grant of £s 100/- for Novr will be deferred.

3. The Secretary submitted the accounts on the 14th Novr 1887 and from the Resolution recorded, it will be observed that the average monthly expenditure on a/c of the Ward exceeded during a period of eighteen months, the Station Municipal grant by £s ~~3/5/4~~. 54. 14. 2.

4. In para 4 of the Resolution, the

committee notice with regret the procedure of the Municipality in withholding the usual monthly grant pending receipt of the accounts.

5. In sending a copy of the above Proceedings the Secretary, Friends in Need Society requests with reference to the Municipal Boards' Resolution of the 31st October 1885 that a sum not exceeding Rs 100 per month will be paid from the date of the opening of the ward, that effect may be given to the above arrangement, as it was in this assurance that the Friends in Need Society undertook to establish and care for the ward for Incurables.

6. The conditions upon which the Municipality contributed a grant to the Lepers ward according to their letter No. 112 of 20th April 1886 to the Hon'ble Secy. Friends in Need Society, are that the money should be required for patients limited by monthly & that expenditure should exceed the income from other sources than the Municipal grant.

19 At a meeting held on the 27th February 1888, the Municipal Commrs of the Town of Wynaad resolved that owing to a large increase in the town of the number of paupers requiring medical relief & in consideration of the inconvenience practically experienced in sending them to the Giddestone Ward

A. No 66/C

Ward on account of the distance & other
Causes, a separate Ward be established
in the town in connection with the Langarkhana.
& that the monthly Contribution now made
to the Giddlestone Ward be discontinued

20 The Mysore Govt having sanctioned S. No. 66/B.
the above proposal, the Vice President of
the City Municipality gave notice to the
Hon: Secretary, Friend in need Society,
that their grant to the Ward would cease
from 1st August 1888.

21 The Honorary Secretary, in his letter S. No. 66
No. 19 dated the 1st June 1888, describes
briefly how the Ward was established
by Mr. Giddlestone, and says that as
by the withdrawal of the grant made by
the City Municipality, the terms of the
arrangement under which they (the F.-in-N. Society)
accepted the charge of the Ward will be so
far departed from, ~~that~~ they can ask
to be relieved of the further administration
of the Ward.

22 Of the present inmates of the Ward,
Col: Wraughton adds, 5 belong to the Mysore State

and

(Continuation of Note or Precis.)

and are to the Petta from the Petta. The No of inmates at the F. R. Society's Poor House is 12. If the contribution of the City Municipality cease, the Committee of the F. R. Society ask that these inmates be transferred to the Asylums at Petta

23 When the City Municipality sanctioned the contribution to the Ward in the Cholera Statistics, they recorded in the Resolution that the grant would be "withdrawn should it be found necessary hereafter to establish a similar institution in the town owing to any increase in the number of incurables". On this ground they now wish to establish a separate Ward. Their request seems reasonable, but considering that the No of inmates from outside the Cholera statistics now remaining at the Lyndestone Ward is only 6, ~~we can~~ it cannot hardly be said ~~suppressed~~ that the increase of incurable paupers in the Petta will be so large as to require the establishment of a separate Ward. The distance of the Ward should not

Sl. No 25 B

A

not, it is submitted, have much weight as when once an incurable is brought to the Ward, he is confined there. It is advantageous both to the Patient & the Station to have one Ward for this purpose. The cost of Establishment & maintenance will be materially diminished.

24 The statement made by Col. Wrangham in para 5 of his letter that the municipal contributions to the Ward cannot be permanent is not borne out by the correspondence on this subject. Copies of the Resolutions adopted by both the Municipalities as regards the Contribution were supplied to the Hon: Secretary with Sl. No. 51.

25 With the withdrawal of the City contribution the present inmates from Delta &c will leave the Ward, & the expense of the Ward will be thereby reduced. Should the expenditure then exceed the income of the Society, the Resident may take into his consideration whether he cannot ask the Station Municipality to supplement their grant or Quarters a small grant from the Revenues of the

Assigned Track.

26 In the first place, it is suggested that the Surgeon Genl. be addressed on the subject & asked whether the present system under which incurable paupers from Delta &c. are confined in the Infirmary Ward cannot be allowed to continue for the reasons mentioned in para: 25 of note.

28 From para 2 of the Hon: Secy's letter it does appear that the Friend in Need Society do not intend to receive into their "Poor House" persons from the District, if the grant to the Sirdhana Board is withdrawn. This seems quite fair, and when the Town Board know that they will further please

29 Before sending it to the Mycore Govt an effort should be made by the Asst to settle the matter privately with Major Maincliffe; Has a separate ward for immates been established at the Lunga Khana? Where is the Lungakhana? Asst 13/6/88

30 Recd. Major Maincliffe says that according to their own showing the Friend in Need will gain as the cost of the Pettah Improvement poor in Poor house & Incurable Ward for exceeds the Rs. 33000 paid by the Pettah Municipality. The Pettah Municipality have a Lungar Khana where about 100 poor are daily fed but not housed & they propose to establish a ward joining the Lungar Khana for the Incurables. There seems to be some friction on the subject between the Pettah & the Dr in charge & from what Maincliffe said it does not seem easy to settle the matter. The Lungar Khana is by the garden under the Dharmambudi Tank & near Pettah. — H. K. W. 21.6.88

31 Letter from the Friend in Need Society may go to the Diwan with a letter showing how the case really stands and pointing out that it will be costly to have two incurable wards and that it might be recommended to have incurables sent to the Pettah before the ward is prepared for them

40. With letter Camp No 1331 dated 30 September 1888, the Bombay forwarded a copy of the City Municipal Board's Resolution dated 6th August 1888 regarding the proposed withdrawal of the monthly contribution made to the Byculla Incurables Ward by the Pelta Municipality.

41. From the Board's Resolution it would appear that the withdrawal of the contribution has been determined & that the Vice Presidents & Auditors have been requested to arrange for the reception of such incurables as belong to the Town & the Province.

42. With reference to the remarks of the Hon. Secretary, Friend in need Society, contained in paras 12 of 13 of letter No 66 about the transfer also of the 12 inmates of the Poor House, the Pelta Board point out that the contribution made

by them wholly for the Fordlestone Ward & had no connection with the other churches of the Society.

43. As observed in para 35 of note, the Petta Board never intended that the contribution should be permanent. It should cease when it became necessary to establish a similar institution in Petta. The Board cannot therefore, it is submitted, be called on to continue the contribution.

44. Attention is again respectfully invited to para 9 of the Hon: Secy's letter & para 25 of this note. 67. The T. H. Society have resolved that the T. H. Society claimed be relieved of the management of the Ward on the principal that it should be properly attached to a hospital A proposal to this effect was put by Mr Gledstone before the Municipality, but

(Continuation of Note or Precis.) 333

the Hon'ble Secy's letter, it is submitted that a separate building for accommodating the incurables is desirable. In this connection, please see Mr. Pinhey's remarks in para 57, page 20-22 of the original note put up in the file - If it is decided that a separate building should be constructed for the purpose, a site has to be selected, & a grant has to be provided in the Local Station budget unless the Municipality is willing to help in this direction. As the present accommodation is at once required by the L. M. Society, the Residency Surgeon or the Municipal Comm^rs may be asked whether he can allot a ward, can be allotted in the Bowring Hospital, but for the reasons mentioned by Mr. Pinhey in para 57 of the first note, such an arrangement would accommodation seems undesirable. Col. Hill suggests that the tobacco Kotri building may be

utilized for the purpose, but this building has been made over for other public purposes, & the Govt Secy has been already informed accordingly (File No 344 of 1887).

70. It may further be mentioned that owing to the paucity of subscription the management in future of the Gidlestone Ward will be difficult. If the Municipality ~~ought~~ must do not increase their present contribution or a grant from Govt will have to ~~should~~ be made, for its upkeep, as in the case of the Friend in need Society which is in receipt of a grant of Rs 450 per mensem.

Transn No 6139 dy 25-6-55

The Post attaches importance to the early solution of this long-pending question. Doubtless it would be best if a perfectly separate institution could be established for pauper incurables needing medical attendance. But this would seem to involve more expense than there is likely to be likelihood of providing for at the present time. Consequently it occurs to Mrs. Fiddleston that a separate ward attached to the Barnes Hospital & superintended by the medical officers of that institution might with more economy adequately meet the exigencies of the case. The number of incurables needing medical attendance is not expected to be large. On this proposal Mrs. Fiddleston would be glad to learn the views of the Committee at an early date. I refrain from entering into further details as it is understood that in Your capacity of Hon. Secy to the Friendly Society You are well acquainted with the subject in all its bearings.

I wish this letter & enclosure to be before Col. M. Smith at 4 P.M. to the latest. Office Times 24/6

Mr Stetson Smith
Mr J. W. Hayes Esq

Read.

A memorandum drawn up by Mr Kenneth showing the objects comprised in the "Monegar Choultry of Madras.

The Sub-Committee offer the following

following Suggestions

That an institution in Bangalore be formed on the lines of the Madras Charity and the Friend-in-need Society be amalgamated therewith, so as to afford relief to all classes both European and Natives viz. Europeans, Eurasians, Hindus & Mahomedans.

That the institution be called the "Bangalore Benevolent Institution"

That a central site in the vicinity of Ulsoor (to obviate a seperate dispensary there) comprising an area of not less than ten acres of land, be selected for the Institute which is to consist of Wards, an Infirmary and such other buildings as may be considered necessary.

That

That the Friend-in-need Society's present buildings be sold and the proceeds together with such funds as the Society possesses form the nucleus of the funds to carry out the present scheme; that the £5000/- sanctioned by the Municipality for the Ulcer dispensary be added thereto; that Contributions from the General Public be invited; and that Government be solicited to grant a sum Equal to that which may be raised by the private means Enumerated above.

That the Government Continue the grant now given to the Friend-in-Need Society, with such Enhanced grant as will help to maintain the Home

in

in addition to private Subscriptions.

The Sub-Committee in offering the above suggestions submit that they are prepared to furnish any other details which the Resident may require of them with respect to carrying out the benevolent measure now under Contemplation

Read — Letter No. 732/36 27th June 1885 from the Assistant to the Resident on the subject of the provision of a ward for cases of incurable paupers

Proposed by the President — That a sub-committee formed of the following Gentlemen.

Mr. J. W. Hayes Esq.
Mr. E. Kemeton
Mr. Narayan Swamy
Mr. T. R. Sahapathy Mudr
Mr. Aga Ahdaalla
Mr. V. Gungadharaiah Esq.

be requested to call a meeting of the inhabitants of Bangalore at which the Resident will be asked to be good enough to preside with the object

of

of raising subscriptions to form a Charitable Institution on the Model of the Monegar Choultry at Madras, where incurable paupers can be housed and fed; also to consider whether such an institution would not obviate the necessity for a Dispensary at Ellore, it appears to the President that both objects might be attained by one General institution

18.7.85. Memorandum.

The Monegar Chauldry, an institution in Madras is based on the broad principles of charity & toleration where Every pauper is admitted without Enquiry as to Caste, and is left to the free Exercise of his own Conscience in respect to religion.

It was founded in 1808 and why named as above cannot now be ascertained

It is supported by Public contributions aided Largely by Government and its management is placed under the supervision of a Committee Selected annually by the Government from amongst the European and Native gentlemen of Madras.

The

The institution affords shelter, food, raiment and relief to the old, infirm and diseased native paupers, all of whom are readily admitted and provided for, the only ticket of admission being their own wretchedness and necessity

When if old and infirm they have home, if suffering from any disease they have an infirmary, the latter branch being under a medical officer appointed by Government.

Lately has been added to the Institution a Lying-in-Hospital built and endowed by Mrs P. S. Ramaswamy Naadhan containing 16 beds. Relief is afforded to numbers of suffering women.

For years past the charity has

has maintained and relieved daily 250 to 300 native paupers.

An institution similar to this is sadly needed for Bangalore.

Attached are lists from my Sub-Inspectors giving names & ages of native Paupers who should be inmates of an institution based on the lines of the charitable Home existing at Madras.

The lists give a total of 100, and a glance will show it includes all castes.

The Mangalore Charity was fortunate in securing in its early days, large contributions, in these days it occasionally receives most liberal donations from charitably disposed native gentlemen.

A perusal of the attached

Coorg

Comprehensive Sketch dated December 1854 of the rise, progress &c of the Mangalore Chauldry will be of interest and will in the most satisfactory way Explain the great utility and Enormous boon to the natives such an Institution would be in this Station, having a population of 95,000. and Separated from it but by a road another Station, the Town of Bangalore with a population of over 60,000; and having about 100 native paupers unable to support themselves and without relations who can do so.

In the Copy of the Sketch of the Chauldry will be found rules for the management of the Institution, the duty of the Surgeon, and of the Superintendent of the Chauldry.

28

at the present date the rules may be of a much altered form; but this is a mere matter of detail to be considered after we have our building and the funds to carry out the object for which the Institution is started.

The first point the Sub-Committee have to consider is the "site"

The second - The building and the Source from which the money is to be got to erect such.

The third - The means of receipt, Sufficient to meet the anticipated Expenditure

DECEMBER.

Monegar Choultry.

Reviewing the annual report and accounts of the — for 1883.

4. The daily average number of pauper inmates in the Raja of Venkatagiri's choultry was 54, besides 108 out-door paupers supplied with rice doles of two ollocks a day; while in the year 1882 the pauper inmates were 44 and the out-door recipients 108. The total receipts from interest during the year was Rs. 4,125, and the expenditure during the same period Rs. 3,397-9-9.

5. The total number of patients admitted into the Lying-in hospital during the year was 442 against 477 in 1882. The cost for dieting, &c., was Rs. 1,920-8-7 against Rs. 2,621-4-4 in 1882.

6. The Directors have to record with regret the loss which this institution has sustained in the death of their late colleague Mr. J. G. Coleman, who for many years past had taken an active part in the management of the choultry and its branches, and been one of its principal supporters. As secretary and treasurer of this institution, the late Mr. Coleman devoted no inconsiderable amount of time and personal attention to the comfort and well-being of its inmates, and his lamented death therefore is in every respect a severe loss to the cause for which he labored so long and so zealously. Under G.O., No. 76, of 26th February 1884, Mr. G. D. Coleman has been appointed to the office of secretary and treasurer, and the Directors have every confidence that he will prove himself a worthy successor of his lamented and respected father.

In conclusion, the Directors tender their thanks to Mr. Y. Venkataramiah Gáru for his careful audit of the monthly and annual accounts of the institution.

We have, &c.,

ORDER—dated 10th December 1884, No. 2657, Public.

From the annual report and accounts of the Monegar choultry for the year 1883, it appears that the receipts, including the balance brought forward, amounted to Rs. 18,552-7-3 and the charges to Rs. 17,653-5-9.

2. Compared with those of the previous year, the actual receipts of 1883 were less by Rs. 1,326-2-1 and the charges by Rs. 1,533-15-10. The balance to the credit of the institution at the close of the year was Rs. 899-1-6.

3. The securities amounted to Rs. 82,600 and were identical with those of 1882.

4. The following table shows the number of paupers dieted in the Asylum, the number of children maintained in the Foundling asylum, and the number of inmates in the Native infirmary during 1883 as compared with the figures of the previous year:—

—	Number of Paupers dieted in the Asylum.	Foundling Asylum.	Native Infirmary.	Total.

6. The aggregate number of out-door and in-door paupers who received relief in the Raja of Venkatagiri's choultry during the year 1883 was 39,130 and 19,527, respectively, and the total charge on this account amounted to Rs. 3,397-9-9, the receipts from interest being Rs. 4,125.

7. The total number of patients admitted into the Lying-in ward during the year under report was 442 against 477 in 1882. The total charge was Rs. 1,920-8-7.

8. The Government share the regret expressed by the Directors on the great loss the institution has suffered by the lamented death of Mr. Coleman.

RULES FOR THE MANAGEMENT OF THE MONEGAR CHOULTRY.

GENERAL MEETINGS.

1*st.* A Primary Meeting of the Committee of Management shall be held as soon as possible after their appointment by Government.

2*nd.* As early in the year as possible a General Meeting of the Committee shall be convened, at which meeting the Annual Reports and Accounts of the past year of the several branches of the Institution shall be laid before the meeting for submission to Government, and all other matters connected with the working of the Institution shall be disposed of.

At this meeting an Executive Committee for the more immediate supervision of the Institution shall be appointed, the two Visiting Members for the month being ex-officio members.

3*rd.* At all meetings, three Members shall constitute a quorum, with the Honorary Treasurer and Secretary.

4*th.* The Proceedings of all meetings shall be taken down and copied into a book.

5*th.* No resolution or order passed at any meeting shall be rescinded or altered, except by the vote of another meeting.

6*th.* The forms laid down or prescribed in the rules of the several branches of the Institution shall, whenever deemed desirable by a majority of the General Committee, be amended or altered.

EXECUTIVE COMMITTEE.

1*st.* The Executive Committee shall consist of six members, including the Chairman and Honorary Treasurer; and the Visiting Members for the month shall be requested to attend the meeting and take part in the business transacted during the month they are on duty.

2*nd*. The Visiting Members shall carefully inspect the several branches of the Institution during the month of their term of duty.

3*rd*. The Executive Committee shall direct and superintend the management of the affairs of the Institution, see to the due execution of the orders passed at the Meetings, and communicate to the Superintendent, through the Honorary Treasurer and Secretary, their directions relative to the several branches of the Institution.

4*th*. The Visiting Members shall record in a book to be kept specially for the purpose, to be called the Visiting Members' Book, any directions or observations they may consider necessary.

SUPERINTENDENT.

1*st*. The Superintendent shall be under the general control and direction of the Executive Committee, and all his communications with the Committee of Management shall be through the Honorary Treasurer and Secretary.

2*nd*. The Superintendent shall cause the due execution of all orders communicated to him by the Honorary Treasurer and Secretary, and shall carefully attend to the health and cleanliness of all inmates of the various branches of the Institution.

3*rd*. The Superintendent shall also provide work for all who are capable of performing any labor.

4*th*. The Superintendent shall also enforce general good order in the several branches of the Institution.

5*th*. The Superintendent is authorised to inflict fines not exceeding one day's pay on any of the employés for minor offences, but he shall bring to the immediate notice of the Honorary Treasurer and Secretary any grave offences on the part of such employés.

6*th*. The Superintendent shall give notice to each Member of the Committee of his term of visitation.

7*th*. The Superintendent shall, with the aid of the writer, keep always, made up to date, the following Books, Registers, Accounts, &c. :—

8*th*. Forms from A to I.

Register of the deposits of paupers.

Do. of fines of Servants.

Letter Books.

9*th*. The Superintendent shall receive into the Choultry all Native paupers from any one of the Presidency Magistrates for the Town of Madras, the Commissioner of Police or either of his Deputies, whose order he shall file in his Office.

10*th*. The Superintendent shall have charge of all stores belonging to the Institution.

SURGEON AND APOTHECARY.

1*st*. The Surgeon shall visit the Infirmary once at least every day; he will have the general medical control over it, issuing his order to the Apothecary of the Institution, who shall be in constant attendance.

2*nd*. On all matters involving expense or material change the Surgeon shall, in the first instance, in matters of an urgent nature, communicate with the Honorary Treasurer and Secretary, who shall have the power to act according to his judgment, and report the matter to the Executive Committee. At the end of each month he will submit to the Executive Committee the Returns specified later on, and at the end of each year the Annual Medical Report, &c.

3*rd*. All servants employed in the Infirmary shall be under the immediate orders and control of the Surgeon, who shall have authority either to fine or dismiss any of them found guilty of any offence; in cases of theft or grave offences, he shall report the same to the Police of the Division. When any of the servants are dismissed he will report the same to the Executive Committee, assigning the grounds for dismissal. Fines, except in extreme cases, should not exceed one-eighth of the Monthly salary, and should be entered in the Daily Report.

4*th*. It shall be the duty of the Surgeon to frame the dietary scale for all classes of paupers in the several Institutions whenever necessary, subject to the confirmation of the Committee, and he should occasionally inspect the kind of food supplied to the caste paupers under such dietary scale.

5*th*. The Surgeon shall, whenever he may deem it necessary, transfer to the Choultry any patients from the Infirmary who may be in a state of convalescence.

6*th*. The several Institutions under the management of the Committee being intended only for the relief of paupers, the Surgeon will endeavour to limit as much as possible what are deemed "extras" and medical comforts.

7th. The Apothecary shall make a daily return to the Surgeon of the number of Admissions, Discharges, and Deaths, (according to Form L in the Appendix) which shall be sent by him to the Superintendent for compilation.

8th. The Apothecary shall hand over to the Superintendent all moneys, trinkets, &c., that may have belonged to deceased paupers immediately after the casualty has occurred, and the Superintendent shall have entries of all such items in a Register which shall be laid before the Executive Committee at their monthly meetings. Such moneys and trinkets, &c., if unclaimed within six months, shall be sold and credited to the Choultry.

9th. The Apothecary shall furnish the Superintendent with a daily Diet Roll, showing the quantity of diet ordered for each patient.

10th. The Apothecary shall grant receipts, countersigned by the Surgeon to the Superintendent, for all Stores and Hospital furniture consigned to his care. He shall also furnish through the Surgeon to the Executive Committee a Return annually of Hospital Stores and their appropriation and condition (as per Form M in the Appendix).

11th. Stores, &c., for the use of the Infirmary shall be indented for by the Surgeon, and on being passed by the Executive Committee the Superintendent shall supply the same.

TREASURER AND ACCOUNTS.

1. All money, whether interest, donations, subscriptions, or other sums from whatever source derived, shall be paid to the Treasurer, and entered in his book; and all sums required to be disbursed shall be drawn from the Honorary Treasurer and Secretary by the Executive Committee.

2. In all matters connected with accounts, disbursements, &c., the Treasurer and Secretary shall be at liberty to avail himself of the services of the Superintendent and of his establishment.

3. The Treasurer and Secretary shall furnish to the Executive Committee for each month an Account Current, as per Form J in the Appendix, showing the actual state of the funds.

4. The Treasurer and Secretary shall furnish at the Annual Meeting an Account Current, as per Form K in the Appendix, showing the pecuniary transactions of the Institution during the past twelve months, which shall be previously audited by one or two of the Directors.

FOUNDLING ASYLUM.

1. This institution is intended for destitute Native children, whether orphans, foundlings or strays.

2. No child shall be received into the Institution without an order from one of the Magistrates for the Town of Madras or the Commissioner of Police, or one of his deputies.

MEMORANDUM.

The need of a home in Bangalore for pauper incurables requiring Medical treatment was brought to my notice soon after my arrival. Such cases cannot, by reason of their chronic nature, be treated in the Bowring Hospital. Consequently a reference was made to the Friend-in-Need Society for its co-operation, and at a meeting of the General Committee of that Institution, held on the 19th of August 1885, the following Resolutions were passed :—

1. That the separate Ward belonging to the Friend-in-Need Society, and now let out in lodgings, be granted free of rent as accommodation for pauper incurables of Bangalore requiring Medical relief.

2. That an appeal be made to the public for funds to meet the expenditure necessitated by such Ward for such pauper incurables.

3. That the Municipal Board be requested to allow a grant-in-aid monthly towards the maintenance of the separate Ward for incurables.

4. That the General Committee of the Friend-in-Need Society is prepared, if necessary, to accept the duty of making the requisite arrangements for managing and supervising such separate Ward, and is prepared also in case of need, to consider the question of supplementing such funds as may be separately raised.

The buildings which the Friend-in-Need Society has kindly put at disposal will require certain alterations and additions in order to fit them for the purpose to which it is proposed henceforth to devote them. The cost of the work, which is to be carried out in the most economical way, has been estimated by the Municipal Engineer at Rs. 1,700. The expenditure for establishment, including Medical attendance, is not likely to exceed Rs. 60 a month. Towards such monthly expenditure, it is hoped that the Municipal Commissioners of the Civil and Military Station and of the Pettah will contribute; whilst, as will be seen from the 4th Resolution quoted above the Committee of the Friend-in-Need Society is ready to consider the question of supplementing other sources of income if necessary. But even with such help a separate endowment is very desirable. Under these circumstances an appeal is herewith made to the general public for pecuniary assistance. It is proposed that any sum subscribed in excess of the Rs. 1,700 wanted for building purposes should be invested in Government securities, in the name of Trustees to be chosen by the subscribers, on the understanding that the interest thereon is to be used for the benefit of pauper incurables in Bangalore requiring Medical treatment, and that a Committee for the management of the ward for such pauper incurables should also be chosen by the subscribers to the Fund which it is now sought to raise.

Sir,

In reply to para 3 of your letter of the 22nd October 1892 I have the honor to state for the information of Colonel P. D. Henderson that the unsatisfactory financial condition of the Girdlestone Ward is entirely due to the Pettah Municipality having withdrawn all help to this Institution and we have had to support on an average 7 inmates* belonging to the Pettah for the last 3 or 4 years. I have used my best endeavours to get some assistance from the Pettah, but the terms they offer us make it quite impossible for the Executive Committee to accept them, and the Ward has to be maintained out of the Poor House funds until such time as other arrangements can be made with the Mysore Durbar.

To

The honorary Secretary,

Friend-in need Society.

Sir,

I am directed to reply to your letter No. 79-92 dated the 1st November 1892, regarding the present unsatisfactory condition of the finances of the Girdlestone Ward, which you attribute to a withdrawal of its grant by the Pettah Municipality.

2. I am to point out that when that Municipality made the monthly grant of Rupees 55-5-4, it was distinctly understood that it would be withdrawn as soon as the pettah had made its own arrangements for the maintenance and keep of its incurables; these arrangements were completed in 1888, & on the 1st October 1888 all such patients were transferred from the Girdlestone Ward to the Ward in the pettah. [vide your office letter No.85 dated 2nd November 1888.] Such being the case it is not understood how incurables, said to belong to the pettah, and who average 7, have been for the last 3 or 4 years

admitted and maintained in the Girdlestone Ward. They should be transferred as soon as possible to the Pettah Ward, and with this view I am to ask that this office may be furnished with a statement showing their names, dates of admittance and their actual cost while maintained in the Girdlestone Ward, when steps will be taken for the recovery of such sum as may be due from the Pettah Munici-pality.

I have etc.,

"Incurables" as they pleased to us vide Copy of Extract from the Proceedings of the Bangalore City Municipal Commission at an Ordinary Meeting held on the 31st August 1892, this I objected to unless each case was duly authenticated by a proper Medical Certificate, and we had 7. on hand already belonging properly to the Pettah; since then I have heard no more from the Presidency. I beg to enclose a statement as called for by the British Resident shewing all particulars of the inmates and the cost of maintaining them since 1888. amounting to Rs 1000.- I. 6. this is only for Board, no charge having been made for Establishment or Clothing &c.

The accommodation in the Civil Station Ward is very limited, and I was given to understand the Pettah wanted to transfer to us 8 more cases, with the grant of Rs 33 - 5 - 4. per Mensem; as the total in their account would then be 15 and they retained the power to add to this number as many as they pleased, I regret to say it was impossible for us to accommodate them in any way.

Mysore. November 5. 1885

My dear Sir

Many thanks for your letter received last night - The Subscription list for a house for pauper incurables at Mysore has been circulated among a few friends here, and I beg to send you the original Subscription list which you will see is headed by His Highness the Maharajah - When you begin to circulate the list in Bangalore I shall get

23 to appoint a Treasurer and if I know whats your wishes in the matter and to whom the Money ~~Subscribed~~ Subscribed in Mysore is to be Sent I Shall cause it to be Sent at once. The greater part has already been collected & the remainder will come in Today or tomorrow

Acknowledged / with thanks. I shall write by Friday Next to Mr Ross Esq Accts. No 2 Branch

Secretariat with the Madras Bank's Branch re. Rs 91 9 9 deposited by Acct. credited. Cl. 1 11 8[illegible]

Mr. Purnaya or Capt. Masaturu to circulate it also among a few of our Bangalore Officers— If the Bangalore Subscriptions fall short of our expectations, we can Easily supplement them by further Subscriptions ~~at~~ at Mysore or Elsewhere. I have not as yet circulated the list among the townspeople & Merchants at Mysore, as I believe that what is wanted will be ready forthcoming in Bangalore.

I am sorry I am unable to come to Bangalore for your party tonight as I once intended to do, as this is the great Divakali feast day.

With best regards
Yours Sincerely
Vishwanath Iyer

P.S. I enclose a copy of the Subscription list which if you think fit may be communicated to the local press— ~~if~~ I think it advisable

III Letter No. 1844-106 dated 6th October 1885 from the Assistant to the Resident in Mysore forwarding Copies of a Memorandum recorded by the Officiating Resident on the subject of a home for pauper incurables requiring medical treatment.

Resolution. The Board taking into its consideration the state of its finance resolve that a contribution equal to 1/3 of the amount that may be contributed for the purpose by the Municipality Civil and Military Station be granted from the City Municipal Funds with the sanction of Government. It is presumed that incurables from the Pettah will also be admitted into the proposed Institution. The Commissioners at the same time wish to intimate that the above grant will be withdrawn, should it be found necessary hereafter to establish a similar Institution in the Town owing to any increase in the number of incurables.

Gentlemen.

We hear that an Asylum for persons suffering from incurable and loath-some diseases will be established in one of the buildings attached to the poor house in Frimmiah Road. As residents occupying houses in the immediate vicinity of the said building we beg respectfully to protest against the establishment of such an asylum which will be detrimental to public Health and prove a great nuisance to all persons residing in the neighbourhood.

We beg to observe that such an asylum ought to be in a locality which is far away from the Town and the crowded portions of the Civil and Military Station.

We beg to remain &c.

I am dir: to forward for disposal a petition dy. 28th January 1886, from certain persons residing in Tunniat Road protesting on Sanitary Grounds against the establishment of an Asylum for Incurables in that locality.

Serial No. 35

2 I am desired to state that, in the Offg. Resident's Opinion, there is nothing in the petition which justifies the abandonment of the plan for utilizing a spare ward of the Poor House, which has been deliberately agreed on by persons well qualified to come to a decision in such a matter.

Extract from Demi Official note of Major E. P. Maltby dated 9th March 1886.

× × ×

Some members were much against the Ward for Incurables being opened at the Friend-in-Need Society, on sanitary grounds.

I said I thought we had better have a medical opinion before settling any thing and we got Dr Dobson's, which was to the effect that no harm would come to the neighbourhood as (assuming as he did, and rightly, that lepers will be sent elsewhere) he said that incurable diseases were neither infectious or contagious. This settled the opposition and I believe that the Ward is being built or at any rate that it will soon be started, but the present Honorary Secretary will be able to speak for certain on this point.-

My dear Mr Wilkins

It has occurred to me since we were talking together this morning that I have no cheque book for my No 2 account (Incurables) - as hitherto there has been no disbursement requisite. The enclosed note will, I hope, effect the purpose of transferring what I have collected from my charge to yours. I also send a note from Mrs Tillard, promising help to the ward - Please keep it -

Sincerely Yours

C. Gladstone

Dated April 15: 1886

My dear Colonel Broughton.

I have now the pleasure to send you a list of all the subscribers to the Incurables ward, so far as I am acquainted with them. The amounts specified against their names were paid into my No 2 account with the Branch of the Madras Bank at Bangalore & the total of Rs. 1678-5-4 (less one anna for receipt stamps) was on the 7th inst. paid to the order of Mr. J. Wilkins, as Honorary Treasurer of the Fund for the Ward. I would suggest that a copy of the list be sent to each of the Local papers with the request that it may have

publicity given to it (we are too poor to pay for advertisements), & I would commend to your consideration the expediency of making a renewed appeal to the public for funds. Father Clement has promised Rs. 100 or so: Mr Tollie will have a collection presently in S. Andrew's Church — & Mr Krishna Singh, a Municipal Com: of the Civil & Military Station has, I believe, Rs. 300 or so outstanding. Several persons have told me of late that they knew nothing of the movement, & Mr Shumboo Chetty, you may remember, was hopeful of gaining more from the native community than we have yet been able to get. Whenever you think that we have exhausted the sources of private benevolence I will gladly see what an application to the Supreme Govt for a grant in aid will effect.

Yours sincerely,
(Signed) C. Gardiner

April 19. 1886 178

My dear Colonel Broughton,

I at once wrote to Dr Dobson, after the meeting in the Friend in Need Society's Committee Room, & made my wishes known in regard to his medical certificate for Incurables, I added that any reference as to the time & place for examination which he might make to me should be duly considered. No such reference has been received. Should you like this point to be determined - or will you send applicants to him at the Bowring? He is generally there soon after 7 A.M. With Kind regards,

Sincerely Yours
(Signed) C. Gladstone

Dear Mr Gradelone

I was out when your note came accompanied by the subscription list. I can arrange to communicate the latter to the 2 local papers, & will see what can be done about an appeal for further funds. After our general meeting I communicated the resolutions passed to

the 2 Municipalities. They have not yet sent me the names of the gentlemen they may select to represent them on our Frontier Com^n, with regard to the Wards for Immovables. as there is much to be done I have written to them again to-day that we shall take up the Wards of the Immovables' Wards next Wednesday and have asked their representatives may be with us at 7.30 p.m. on that day. I hope they will send them, but if they do not we must go on with arranging the details of the Wards. Have you arranged anything with F. Dobson regarding his certifying the Immovables, we shall be glad to know what is arranged at your convenience

Believe me

Sir,

I have the honor to acknowledge the receipt of your letter No. 973/1065 dated the 8th instant, with enclosure, on the subject of admission of incurable patients to the Ward, established in connection with the Friend-in-Need Society, and in reply thereto I would suggest that persons desirous of admission to the ward in question be directed to present themselves at the Bowring Civil Hospital, between the hours of 8 and 10 A. M., ordinarily, when, should their diseases be of an incurable nature, the usual certificate will be granted them for presentation at the office of the Friend-in-Need Society. Applicants seeking admission at hours other than those mentioned, will be detained in the Hospital till the following morning, when their cases will receive attention.

No 1376/1865. The Residency Mysore. 171 56

Bangalore. May 17. 1886.

My dear Colonel Wrenghton.

I gather that a Sum equal to whatever has been raised by private subscription could be included in the Budget Estimates of this Residency for 1887-8, on the responsibility of the Resident and with every chance of the item being accepted by the Government of India, on reasons being given that the Money was wanted for the Securabbs. No provision having been made in the Budget for this year (1886-87) ~~we~~ should have to prove urgency before we could hope for Sanction.

It appears to me that we have no immediate want for the Subvention, and that our interest lies in securing help from Government in the event of the present ward having

having to be abandoned in favour of Separate accommodation of more extensive character on the outskirts of the town. But before proceeding further in the matter I should be glad to know your views.

With kind regards,

Sincerely Yours

(Signed) W. E. Gladstone.

No. 56 19.5.86.

My dear Mr. Sadleir

In reply to yours of the 17th inst., there is no immediate necessity for the subvention which you are willing to endeavour to obtain for us from the Govt. If you will very kindly arrange with Mr. Lyall to give us all the help possible from Government we can want.

Before giving you can do anything to assure us the continuance of the Rs 100 & Rs 33 paid us by the Bangalore and Betta Municipalities I hope you will do so.

The permanence of the Arms for Lucknow

will depend on these subsidies being continued. The F.A. Society is already drawing on its capital to meet current expenses, to the extent of some 70 Rs a month. We are living above our means at both ends Duty and remedy this state of things, by applying to the Public for more subscriptions, and by a careful revision trying to reduce expenditure

Do you think the President in his Budget could recommend a small Monthly Grant to the F.A. Society, as the Number of applicants has increased

I hope you will enlist Br. Galli's sympathies on our behalf

Yours sincerely

My dear Colonel Wrenchtow.

In answer to your letter of yesterday's date I think it as well to send you a copy of the letters, with Resolutions, from both Municipalities concerning their aid to the ward for incurables. I gather that up to a maximum of Rs 100 and of Rs 33-5-4 a month respectively they will help the ward in respect of current expenditure. I therefore do not understand why the Friend in Need Society is drawing on its Capital to meet current expenses, unless it be by way of advance, till the Municipalities actually send in their Cash allowances.

Mr: Loyall, I feel sure, will be as ready as myself to his use

his

his influence in behalf of the ward and its inmates.

Monthly grant for the maintenance of the Ward for pauper incurables.

5. Read — letter dated 9th instant from the Honorary Secretary, Fuerid-ni-Ried Society forwarding an extract from the proceedings of the General Committee and requesting payment of the monthly grant of Rs.100 promised for the maintenance of the Ward for pauper incurables.

The President wanted to know who was to be appointed to represent the Municipality at the Fuerid-ni-Ried Society.

Mr. Haygo suggested Mr. Campbell

Mr. Campbell asked to be excused, as he would not be serving on the expiry of his term of office and would not seek election.

The President then suggested Mr. Buchan who had communicated to the Fuerid-ni-Ried Society's Rooms, this was agreed to.

The President then went on to say that the Society decided to ask for Rs.100 as an understood thing

that they were to get it every month, but that was not what the Board agreed to, they said that they would subscribe according to the number of patients entertained, at present there were only six, what the Board intended to do was to help the Society up to Rs100; besides, the Asylum was not open, the ward had not been built yet, the patients were kept in one of the rooms of the old premises of the Freind-in-Need Society.

Mr. Hayes suggested that the Board might say they were willing to assist.

The President remarked that the Board might point out to the Freind-in-Need Society that the Ward for incurables was helped by a grant from the Pettah Municipality, public subscriptions &c and that if the Society would point out any deficiency the Board were willing to make it

it good up to the extent of Rs 100/-, to pay Rs 100 in a lump sum every month was cancelled for, when the total expenditure on the ward in some months might be much less than Rs 100/-

Mr. Krishna Singh agreed that the Board only intended to help up to Rs 100/-

Resolved — That Mr. Dr. John Buchan be asked to represent the Municipality as he lives close to the Friend-in-Need Society.

Resolved that if he declines the President be asked to appoint some other Commissioner.

On the motion of the President it is resolved that he write to the following effect to the Honorary Secretary and point out that it is believed that the building of the new Ward has not yet been started, and that this Municipality never intended to subscribe Rs 100 monthly unless the money

April 17.01

money was actually required
for patients month by month

Also that the Board is
willing to contribute up to Rs100
should the expenditure exceed
the income from other sources

Executed by
President Mysore

that all cases sent either by the Police or by members of the Committee to decide to attend at the Burning Hospital in need to be pronounced as fit & proper objects for admission to the incurable ward, such a course, while it was very unlikely with individual members of the Committee from visiting persons, would effectually prevent any abuse of the object which Mr. Sidebotham had in view when he established the ward. It further think it would be better to the advantage of the incurables as well as to the Poor House in general, were the Medical Staff in charge placed under the immediate orders of the Resident Surgeon who would report him to the Board a daily report of the present state of the sick therein located.

If, as I am informed, the incurable ward affords accommodation to 4 persons & also I presume suffering from a variety of complaints they ought to be visited morning & evening by the Hospital Assistant in charge & not as at present perhaps not more than twice in three a week. The arrangements might be such that illness which are not of an infectious or contagious nature supervening upon the incurable malady should be treated on the spot & only in exceptional cases should it be the rule to remove them to the Burning Hospital. As I have already alluded to the Committee of the Friend in need Society through its Honorary Secretary (Edward Whitaker) proposed in March last that the Board for incurables be applicable to & worked

connection with the Barnsley Hospital & also further suggested at the time if there was such sufficient accommodation for the patients at the hospital that a suitable ward be erected within its compound. I quite approved of the former, provided the working was placed under the Residency Surgeon, but I took exception to incurable persons being located within the Grounds of the Barnsley Hospital for Medical reasons as being highly prejudicial to its interests: If you will kindly call for the Proceedings of a General Committee of the 7th ult. held on the 11th March '87 you will see what my proposition was & the Committee's resolutions thereon. I have never been asked to serve on the Committee but I think if the Residency Surgeon is able to be connected with the Incurable Ward he ought to be an ex Officio member.

If I have not given you the information in the above as fully as you would wish I will come to the Residency at any time when you name upon with kindly let me know.

Yours truly

1st. Nov. 87.

My dear Sir Harry.

I only received your letter late last evening & am sorry I have not been able to answer it sooner.

The number of cases at present in the Barnsley Hospital which I consider should be brought to the Residency would be 4: e.g. three women & one man: all these are perfectly incurable & if the ward is organized as it ought to be for such cases & there is accommodation I should be very glad to be able to send them to it.

I think it would be a good plan, would the rule of the Friendly Societies

at present managed, is of little or no utility to the Barnes Hospital the style when founded by Mr Gibbstone the intention was that it should relieve the Hospitals of all cases which from their character have not only a deleterious effect upon persons who are admitted for curable & remediable diseases, but also detract from the general usefulness of the institution.

For orders. RL 28/10

My dear Chris.

When Lt Harry visited the Barnes Hospital a few mornings ago you may remember I made mention of certain irregularities in connection with the system of admitting persons to the Ward for pauper incurables as the Members of the Parish in Need Society. I have since referred to the correspondence on the subject & find from a letter received from the

Offr. Resident (Mr. Sandeston)
Dublin 8th April 88. No 272/1065 Has he reported any Co. Operation in determining the application for such Relief. In reply, please see my letter of 25th Apl. 88 No 29/ I suggested that persons desiring of admission to the Asylum should be directed to present themselves at the Barrack between the hours of 8 to 10 a.m. Ordinarily when, from the distance, the person be of an incurable nature, a Medical certificate would be granted for presentation at the Office of the Board of Guardians. I further stated that applicants seeking admission at hours other than those mentioned would be detained in Hospital till the following day for the purpose of their cases. The matter rested there, so far as my office was concerned, till the 4th Sept. following when, by a resolution of the Committee of the Board, a woman, who had been sent from the Barrack as incurable, was returned thereto by order of the Resident, in his letter No 2248/4966 of 4th Sept. for reasons therein given. From Sept. 88 to January only 5 incurables were sent from the Barrack Hospital yet on the 2nd March last the Master Supr. to the Poor-house made to me very the ward had as many incurables as formerly admitted on 3 months notice of death vacancies occurred between the two, but he has not done so since. Propositions

Read letter from the President Municipal Commission, Civil and Military Station, calling attention to letter No. 412, dated 20th April 1886, specifying the conditions under which the Municipality contributed the sum of Rs 100 monthly, for the support of the Girdlestone Ward for Incurables, also requesting a statement of Receipts and Disbursements from date of opening of the Ward upto 31st October, and a similar statement for the month of November 1887, and intimating that "pending the receipt of which, adjustment of the Society's bill for Rs 100 for the month of November 1887 will be deferred."

The Secretary submits copies of the statements passed by the Executive Committee on the 14th instant, and forwarded on that date to the President, Municipal Commission, in compliance with his requisition.

Resolutions

The Committee learns from the statements placed before it that during the period of eighteen months embraced by the said statement the average monthly expenditure on account of the Girdlestone Ward exceeded the contribution of the Civil and Military Station Municipality by Rs. 54-14-2 of this sum Rs 33-5-4 were contributed by the City Municipality leaving an excess of expenditure over income of Rs. 21. 8. 10 monthly which was met from the sum invested in the Savings Bank as Capital, which was intended to form the nucleus of a fund for building a Ward to accommodate the incurables.

2. The Committee considers that the greatest economy consistent with the well-being of the inmates is exercised in the expenditure of the funds at its disposal, and that the Institution cannot be satisfactorily worked with any sum less than that now contributed towards its up-keep. Were it not for the circumstance that the incurables are now accommodated in a portion of the Poor House buildings, and attended to by a part of the Establishment maintained by the Friend in need Society for its Poor House, the services of

of Rs 133-5-4 at present contributed by the two Municipalities would be altogether inadequate: it would certainly be difficult to obtain an efficient Superintendent for 10 Rs, a Clerk for 2 Rs, and a Cook for one Rupee per mensem.

3. The Committee has no objection to furnish the Presidents of the Municipality with monthly statements of Receipts & expenditure, but if the Municipalities Reduce their present grants, the Committee of the Friend-in-Need Society is not prepared to continue the further care and management of the Incurable Ward; but will request the Municipality to take charge of the funds and dispose of the patients.

4 The Committee notice with regret the unnecessarily discourteous & ungracious procedure of the Presidents of the Civil and Military Station Municipality in withholding the usual monthly contribution pending the receipts of the statements called for by him. The Committee made no objections to furnish these statements - indeed they would mention that a statements of accounts was submitted to the Presidents of the Civil and Military Station Municipality on the 2nd August 1886 and that a statement of funds received and expended up to 31st December 1886 was published in the Report of the Society's operations for that year.

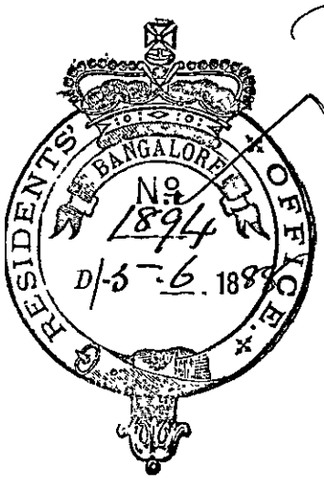
Resident at the Court of Mysore.



Sir,

I have the honor to enclose for your information a letter from the Vice President of the Bangalore City Municipality forwarding copy of a Resolution passed by that Board on the 28th February last to the effect that the contribution hitherto made towards the Cridlestone Ward for Incurables will be discontinued from the 1st August next and adding that this Resolution has been duly approved by the Mysore Government.

2 — I have the honor to request you will have the goodness to submit the following circumstances for the favorable consideration of the Mysore Government.

3 The Cridlestone Ward for Incurables was started at the desire of the President, Mr. Cridlestone.

4 The Committee of the Friend in Need Society were very reluctant to undertake the administration and management of this Ward, foreseeing that difficulties would in all probability arise with regard to Funds for its upkeep.

However on the Resident assuring the Honorary Secretary that he had secured from the Bangalore Municipality a monthly grant of Rs 100, and from the Bangalore City Municipality a monthly grant of Rs. 33. 12. 0, and that these Amounts would be permanent the Committee of the Friend in Need Society undertook the administration of the Ward.

The correspondence does not show that the Resident made this statement

2- This contribution of Rs 33. 12. from the City Municipality was made I believe with the approval of the Government.

3 The Mysore Government will readily feel that in an arrangement of this nature if one of the contributing parties can withdraw, it is quite open to the other contributing parties to do so also, and that if the Bangalore Municipality follow the example of the Bangalore City Municipality the whole burden of the Incurables now in the Ward will be thrown on the Committee of the Friend in Need Society.

4. I regret to say that the Funds of this Society cannot sustain this additional burden.

5 If this contribution is withdrawn the Committee of the Friend in Need Society feel that the original terms of the arrangement under which they accepted the charge of this Ward will have been so far departed from that they can, in justice, ask the Resident to relieve them of the further administration of this Ward, and to provide for its inmates in the Lunatic Hospital, or elsewhere.

6. Of the present inmates of the "Incurable Ward 5 are from the Province of Mysore and one from the Pettah.

11- Of the present inmates of the Friend in Need Society's Poor House 12 are from the Pettah.

12 Should the Mysore Government on reconsideration resolve to withdraw their grant of Rs 33. 12. 0 I have the honor to state that the Committee of the Friend in Need Society desire to transfer to the "separate ward" referred to in the Resolution the 6 inmates of the Cubbonpet Ward received from the Province and Pettah, and to transfer to the "Langarkana" in the Pettah the 12 inmates of their Poor House who have been received from the Pettah.

13- Should the grant be withdrawn the Committee of the Friend in Need Society wish to have it clearly recognized by the Mysore Government that Incurable and destitute poor from the Province and Pettah shall be cared for in the Pettah Langarkana, and the "separate ward" to be established, as the grant made to the Civil and Military Station of Bangalore is for the poor of that Station. These are too numerous to allow of the poor of the province being relieved from it.

I have the honor to be,
Sir,
Your most Obed. Servant.

No. 2220/1065 Enc. 1.

Dated 29th June 1888.

To The Dewan of Mysore

Sir,

I am directed to forward, for the consideration of the Durbar, a copy of letter No 19 dated 1st June 1888 from the Hon'ble Secretary, Friend-in-need Society, Bangalore, and of its enclosures, on the action the Committee propose to take in reference to the withdrawal of the donation now made by the Town Municipality towards the Girdlestone Ward for Incurables.

2. This ward, I am to say,

Mys

was established in 1885 by the exertions of Mr. C. E. R. Gridlestone, the then Offg. Resident, and the necessary funds were raised by voluntary Contributions made by H. H. the Maharaja & the public in general, and the cooperation of the C & M Station & Town Municipalities of Bangalore was secured. The former assists the Friend-in-Need-Society, which undertook the management of the Ward, with a monthly grant of Rs 100/- and the latter Contributes a Sum of Rs 33-5-4 per mensem.

3. It will be seen from the Hon: Secretary's letter that the

the maintenance of the Incurable Ward will become a matter of some difficulty should the contribution from the City Municipality be withdrawn, and considering ~~that~~ the Institution which was long felt want, has been, and is open to pauper incurables from the Delta also, and that in no case has admission been refused to those applying for it, Sir Henry Rawlinson expresses a hope ~~that~~ the Board will give the matter their careful consideration.

4. In Conclusion, I am to point out that ~~it may be~~ it would seem a costly arrangement ~~costly~~ to have two incurable

wards

wards so near each other. The

Offg Resident understands that no

no place has yet been provided

for accommodating the incurable and

paupers in the Pettah, & considers,

with reference to the City Municipality's

Resolution that the contribution

of Rs ... shall cease from 1st August next,

it would prove

that it might be inconvenient to

have inmates now in the

Gildestone Ward sent to the

Pettah before a Ward is prepared to receive

for them.

III. Letter No: 1844-106 d/6th October 1885, from the Assistant to the Resident in Mysore, forwarding copies of a Memorandum recorded by the Offg: Resident on the subject of a home for pauper incurables requiring Medical treatment.

Resolution. The Board taking into the consideration the state of its finance, resolve that a contribution equal to one third of the amount, that may be contributed for the purpose by the Municipality, Civil and Military Station, be granted from the City Municipal Funds with the sanction of Government. It is presumed that the incurables from the Pettah will also be admitted into the proposed institution - The Commissioners at the same time wish to intimate that the above

grant will be withdrawn, should it be found necessary hereafter to establish a similar institution in the Town owing to any increase in the number of incurables.

Memo No. 2737-248 dated 19th July 1888, from the Chief Secretary to the Dewan of Mysore, forwarding Copies of Correspondence relating to Girdlestone ward for incurable paupers.

Resolved - That the Vice President and Auditor be requested to arrange for the reception of such of the inmates of the Girdlestone ward, as belong to the Town and Province, as soon as the Honorary Secretary Friend-in-need Society wishes to hand them over.

2. The Commissioners at the same time beg to point out that the present proposal to establish a separate ward for the incurable paupers in the Town is in conformity with their first resolution on the

the subject, dated 30.th October 1885, (a copy of which had been forwarded to the ~~Assistant~~ Resident, with a covering letter No.439 dated 4.th November 1885) in which it was distinctly recorded that the Contribution sanctioned by the City Board to the Girdlestone ward would be withdrawn "Should it be found necessary hereafter to Establish a separate Institution in the Town, owing to any increase in the number of incurables." The Circumstances then foreseen having since arisen, the City Board now desires to Establish a separate ward within its own limits.

3. That with reference to the last para of the Honorary Secretary's letter regarding the destitute poor receiving outdoor relief from the Friend-in-need Society, the Commissioners further beg to point out

out that the contribution sanctioned by this Board was given solely for the Girdlestone ward and had no connection with the other Charities of the Society such as poor-house &c, which are of a more general nature; and for which no contribution was ever made by this Municipality

Sir,

I am directed to acknowledge the receipt of your letter No. 23 dated 2nd November 1888, intimating that the immovables belonging to the Udugalpe Pattu & the interior of the Province were transferred from the Legislature Ward on the 1st October 1888, and forwarding a statement of income & expenditure of the Ward.

1. N. 75

2. The cost of this institution seems from the statement to be Rs 113-11-0 a month of which the C & the Station Municipality contribute Rs 100/- & the additional sum

required amounts to Rs 13-11-0 a month.
The Resident thinks that the Municipality
are not likely to increase their
present contribution, and I am
therefore to request that you will
kindly endeavour to reduce the
cost of the Ward.

3. Sir Henry Prendergast desires me to add that he
has seen petitions in the Legislature
Ward that were not uncommonly
brought that
and if you cannot without
inconvenience arrange to reduce the establish-
ment, the only alternative ~~he can~~
~~suggest towards the maintenance~~
of the institution is to appeal to
the public for aid to arrange towards the maintenance of the institution
by a
subscription of Rs 1 each will make
up the deficit sum required for
the maintenance of the Ward.

4. I am to add, in conclusion, that Sir Harry Prendergast gladly contributes ₹ 27-6-0 being the excess sum required for October & November 1888 at ₹ 13-11-0 a month, which amount is herewith sent, and I am to request the favour of an acknowledgment.

Adverting to your letter No. 4051/1065- dt. the 30th November 1888 suggesting that the public should be invited to subscribe regularly to the Giridlestone Ward for Incurables, I have the honor to report that, although its merits have been duly brought to the notice of the supporters of the Friend-in-Need Society, only seven monthly subscribers have been obtained, and the collections from that source amount to Rs 5-8-0 only. The cause of this failure to obtain public support is to be attributed to the idea prevalent

The Society allowed the Ward the use of its Workshop as a temporary measure debiting it nominally, with Rs 15 as rent but allowing it that sum as a contribution from the Society. This arrangement cannot longer be maintained as the Society are much inconvenienced by their Workshops being placed to other purposes than that for which they were intended. They are at once required for a Women's Workshop and Laundry, which it is proposed to open, in order to furnish suitable occupation to female recipients of relief.

4. I request therefore that you will move the Resident to arrange for giving effect to the resolution of the Committee of this Society as early as practicable. I may add that there is a sum of Rs. 1,486. 11. 7 invested in the Mysore Government Savings Bank, being collections made by the late Mr. Cridlestone, which would be available towards the construction of a building; but, until it can be provided it is suggested that one

Sir,

I am directed by the Resident to bring to the notice of the Municipal Commissioners the present condition of the Girdlestone Ward for Incurables.

2. This Ward, the Commissioners are aware, was established in 1885 by the exertions of the late Revd. Girdlestone, the then Offg. Resident, the Municipalities of the C & M Station & the Town of Bangalore, kindly helping the institution with a monthly contribution of Rs 100/- & 33-5-4 respectively, to the latter Contribution has ceased since the establishment of a similar institution in Pettah, the

Committee of the Friend-in-Need Society under whose management the Ward has been placed from it difficulty ~~experienced~~ asked in June 1885. Pl. No 66 that they might be relieved of the charge of the Ward, on the ground that the income was inadequate for its upkeep, but when Sir Henry Pridgeaux suggested that an appeal might be made to the public for subscriptions in aid of the Institution.

3. From the accompanying copy of a letter from the Hon: Secretary, Pl. No 77 Friend-in-Need Society, the Committee will see that the appeal for public support has been fully successful, and that unless early steps are taken, the position of the Ward will be rendered critical. Under these circumstances, Sir Oliver St. John requests that the Committee will

will be so good as to favour him with any suggestions they may wish to offer in regard to placing the Ward on more a substantial footing.

Sir,

With reference to your Board's Resolution of the 26 November 1892, I have the honour to forward copies of letters I have addressed to the Resident and their accompaniments on the Subject of the Girdlestone Ward; from these you will see that I did not apply for any further assistance from the Municipality of the Cantonment station of Bangalore, but as the unsatisfactory financial State of that ward is entirely due to the action of the Pettah Municipality, I endeavoured to obtain some aid from them, which I regret

regret to say they have failed to afford up to this date, though the Friend-in-need Society had expended more than Rs. 1000 in support of "Incurables" properly belonging to Pettah, since 1888.

So far as my opinion is of any value, I beg to say I did not and do not consider any further demand can be acceded for from Civil Station & Municipal Board, at all Events not till the Pettah has done something towards maintaining their "Poor and needy"

Sir,

In reply to your letter of 8th

November 1892 No. 3631/335-92. I have the honour to State, for the information of Colonel P. D. Henderson, that after going through almost all the Correspondence on the Subject, I cannot find anything on record of a Satisfactory character. The Latest information I have of the State of affairs in the Pettah Municipality is Contained in the accompanying copy of Proceedings of the Government of Mysore No. 3868-9/2744-92 dy 8/9 September 1892, from which it is apparent they are not even now prepared to receive any patients, "the house itself is low, damp, and badly ventilated." This may account for so many being left on our hands Since 1888. I assumed charge of the Poor House in August 1891, and have endeavoured to obtain Some assistance from the Petta Municipality, they

agreed

agreed to pay us Rs 33. 5. 4 per mensem,
on condition of sending as many
of their "Incurables" as they
pleased. Vide copy of Extract
of Proceedings of the Bangalore

on the 31st August 1892, this I
objected to unless each case
was duly authenticated by a
proper Medical Certificate,
and we had on our hands
already belonging properly
to the Pettah, they to enclose a
Statement as called for by the
British Resident showing all
particulars of the inmates
and the cost of maintaining
them Since 1888, amounting
to Rs 1000-1-6, this only for

Sir,

(13/12) With reference to my letter of the 21st November 1892. I have the honor to suggest for the consideration of the Resident the advisability of some arrangements being made with the Pettah Municipality for the accommodation of their Poor now in the Girdlestone Ward before the close of the present year. If they are willing to pay us Rs 3-8-0 per head, we can carry on the present arrangements till they are ready to receive them, this however is making no charge for clothing, attendance, &c. If they are unwilling to meet us so far they should at least remove their Poor by the end of the year.

At present the state of affairs is most unsatisfactory and I regret to say it is useless attempting to correspond with that Board any further. This matter has now been before them for over four years and nothing whatever

has

has been done to provide proper accommodations for the Sick and Incurables belonging to the Pettah, beyond leaving us to incur all expenses on their account, and the Executive Committee feel constrained to appeal to the President to take some measures to secure this Society from further loss on account of the Godleistone Ward.

My dear Major Ravenshaw,

In my last letter to the Pettah Municipality I stated some unavailable grievances in the matter of the Girdlestone Ward and Colonel Henderson had taken the case into his hands & had called for the Bill of charges against them, of which they have taken no notice and I think it will be useless to write for this item. The rest seem simple enough. They

took away their grant in
1888, promising to provide
for their Poor. This they
failed to do although they
at present have left an ample
hand, but carried on
an endless correspondence
on the subject with the
result that Mr. Henderson
visited the Ward and
getting into debt, living
on the Poor. Grant, & I
called for an explanation
which I have to give. The
Pettah people say they took
over grant R400 a year & left
in State Room 1/- in their hands!

We have borrowed and been
obliged to provide for all these
with the funds we have on
an likely basis. Think it

I hope they may come to

With reference to my letter to you of the 13th December last No. 93/92 I have the honor to forward for submission to the Resident the correspondence I have lately had with the Vice President of the City Municipality and from which it appears that they repudiate all charges incurred on their account for the Girdlestone Ward and intend to provide for their own poor.

D. 5

Lt Colonel P. D. Henderson desired me to send him a bill of the charges actually incurred by us for the poor of the Pettah I forwarded the same to you on the 21st Nov/92 but have heard no more from you on the subject.

The Pettah Municipality left these people on our hands when they withdrew their grant and have for more than 4 years refused to do anything of a satisfactory kind for their support, and now only decline to pay at all.

Yours.

They offered to renew their grant but took no notice of the Medical certificate required with each pauper; then they offered to pay £4 00/0 a year but to send as many as they pleased without paying the debt due to us from them.

As the matter is in Bro P.D. Henderson's hands I beg you will be good enough to request he will be pleased to issue further instructions on the subject as the Ward is getting deeper into debt by all this delay, and it appears from their letter of the 29th August/92 Vol 80. that the accommodation they had provided was quite un-suitable for people to inhabit

Sir,

I am directed to acknowledge the receipt of your letter No. 7-93 dated the 10th. January 1893, regarding the Girdlestone Ward for Incurables, and to ~~my~~ refer you to your predecessor's letter No. 83 of the 2nd. November 1892 in which the Resident was distinctly informed that the incurable that belonged to the Pettah and the interior of Mysore had been transferred to the Pettah ward on the 1st. October 1892.

2. The statement called for and which was furnished with your letter No. 85-90 dated the 21st. Novr: 1892 was required by the Resident to see what the actual claim on the Pettah ward was for the maintenance of such inmates in the Girdlestone ward from the 1st. October 1892. and the accountant under Resk. adjustment had been made.

3 From the statement it, ~~would~~ appears that five patients belonging to the Mysore State were admitted on certain specified dates into the Girdlestone ward and nev-

been maintained there. Colonel Henderson is inclined to think that the dates of admission given in the statement are probably not all correct; for instance No. 1 is said to have been admitted on the 1st August 1888 and not till nearly 4 years afterwards was it ascertained that the patient belonged to the Mysore State: No 2 was admitted on the same date, and the authorities of the Girdlestone ward became aware of the fact that she belonged to Mysore in September 1888, and yet, in October 1888, only a month afterwards, when the Mysore Incurables were reported as having been transferred to the Pettah ward, this patient ~~was~~ seems to have escaped notice. Nos: 3, 4, 7, 8&9 appear to belong to places outside the Mysore State, so their maintenance can hardly be claimable from the Pettah Municipality. This would reduce the claim by Rs: 483-7-4.

3. From the papers ~~before him Colonel Henderson~~ it does not appear ~~has not been able to discover the circumstances, if any,~~ why ~~under which all~~ the above patients were admitted into the Girdlestone ward after the 1st. October 1888. No efforts seem to have been made to ascertain whether the patients came when admitted ~~from whom admissions the ward was asked for, while admitting that the~~ does the Pettah authorities appear to have been consulted or informed of their admission ~~that the Pettah ward is liable for the maintenance of patients properly belonging to the Pettah,~~ Colonel Henderson has no

Sir,

I have the honor to address the President at the Court of Ootacamund.

Sir,

With reference to your letter of the 28th January 1893 No 310/335-92 I have the honor to observe, by desire of the Executive Committee, that my predecessor's letters, referred to by you, showed only those inmates belonging to the Gudalur Taluk of whom the Committee were then aware of, as belonging to the Settlement; subsequent enquiries led to our being made aware of others, and Col. M. Hill and I in our letters as per margin, ranging from September 1889 to January 1893, brought the subject to the notice of the President of the British Municipality, and to those no satisfactory reply was ever received.

I have as you are aware laid the whole matter.

matter before the President for disposal,
and we understood the Petta Municipality
would be called upon to refund to this
Society the outlay incurred on their account.
I prepared and sent to you the Statement
called for by Sir P. D. Henderson from
the records of this Office, and at this date
it is almost impossible to make minute
corrections, unless valid evidence is forth-
coming; in many instances incurables
had to be admitted on their own statements,
and subsequent inquiries led to our ascertaining
that they really belonged to the Province;
for instance one man named Sivaiah
was transferred from the Gridlestone Ward
to the Pettah he made his escape from
thence and got admitted into the Bowring
Civil Hospital and was sent by the
Medical Officer to the Gridlestone Ward
admitted there and had to be retransferred
to the Pettah by this Society.

The Pettah Municipality leave in their
Proceedings of the 31st August 1892 admitted
the claim made against them and offered

No. 5/6

to

to Contribute as before, but requiring we should take all persons they sent us; as we had 7. on hand it was absolutely necessary, in the interest of this Society, to protect ourselves by requiring a proper Medical Certificate with each case, as the Contributions was only £3 3 - 5 - 4. per month, and hardly sufficient for the support of those we already have in the Ward; we could not think of allowing the numbers to be indefinitely increased.

If the Bethel Municipality are prepared to pay £3 - 8 - 4 per head, per month, their incurables can be received into this Ward.

It is much to be regretted they will not contribute liberally towards the maintenance of their incurables in a Ward where they can be well cared for; and after nearly 5 years correspondence admit they have no proper place yet built to provide for such poor and needy outcastes as are quite unable to help themselves, see Proceedings of Bijapore Government dated 6th. September 1872.

With reference to your letter of the

1st February 1893 No $\frac{365}{335-92}$ I beg to forward Copies of Letters received from the Residency Surgeon for Col P. D. Henderson's information, in accordance with the accompanying Resolution of the General Committee held on the 11th March 1887 passed on Doctor R. F. Dobson's letter of the 8th March 87.

It will be seen that a Medical Certificate was not to be required in every case, and patients were taken into the Ward on the authority of the Medical Officer of this Institution. In the case of the Delta Municipality we had no such safeguard and were therefore obliged to require the same Certificate as the Government require in the case of invaliding.

Resolutions

Read letter dated 8th March 1887. from Doctor A. J. Robson offering the following suggestions:—

That every case for admission into the "Guidestone Ward for Incurables" be directed to attend at the Bowring Hospital to be pronounced by him as a fit and proper subject for admission.—

Resolutions

It is already the rule acted upon in all ordinary cases that Candidates for admission be sent to the Residency Surgeon to be certified by him as fit for admission but cases may occur in which this procedure would be inconvenient & unnecessary and the Committee decline to make the rule absolute.

In returning the enclosure received with your letter No. 9/93 dated 3rd July/93 I have the honor to state that from examination of the four persons referred to, they would, I consider, all derive more or less benefit from the appropriate Medical treatment in which case I am at present unable to grant them the certificate of unemployability as requested by you. On this connection I would wish to invite your attention to my letter No. 39 of 15th April 1886 addressed to the Offg: Resident re Bijapore a copy of which is herewith attached for ready reference.

SIR,

I have the honor to bring to notice that a man of the name of Liviah of the Kumbar Caste was admitted to the Bowring Hospital on the 16th of June 1893 for paralysis of an incurable nature. This being so application was made for his transfer to the Lyrdlestone's Ward for incurables but his admission was refused in consequence of the man not being a resident of the Civil and Military Station of Bangalore. The President of the City Municipal Commission was accordingly addressed on the subject in view to Liviah being taken as an inmate of the City Incurable Ward and to this a reply was received stating the inability

9

of the management of that Institution to admit this man thereto owing to their being no present available room. As however it is not stated when accommodation in the City Incurable Ward will be available and the individual in question being considered by me as not likely to derive appreciable benefit from being kept any longer in the Bowring Hospital, and further that he occupies therein a bed which would be better utalized for a case of curable disease, I have the honor to report the matter for the Resident's information and orders.

The Correspondence in connection with the foregoing is herewith attached for ready reference.

I have the honor to be

Sir,

Your most Obedient Servant.

Sir,

A man named Lovicah, who was yesterday sent to the Girdlestone ward being incurable and as a case unsuited for any longer detention in the Bowring Hospital, was returned by the Superintendent of the Poor House in consequence of the man not being a resident of the Civil and Military Station, I have the honor therefore to inquire of the arrangements which have been, or made, if any, for the disposal of such Cases as above referred to and which, as I have said, are unsuited for any further treatment in a duly Constituted Hospital.

2. I should mention that no intimation had hitherto been received by me, in regard to incurable Cases occurring amongst persons

other

other than belonging to the Civil and Military Station, and who are from time to time admitted to the Bowring Hospital, of any objection on the part of the Authorities of the Friend-in-need Society to their transfer to the Poor House or Girdlestone's Ward.

Sir,

In reply to your No. 377 dated 21st June 1893. I have the honor to state that this man was one of the inmates of the Girdlestone Ward and transferred to the Pettah Incurable Ward in the year 1888, and he has been sent from the Bowring Civil Hospital is twice since to the Girdlestone Ward and retransferred to the Petta by this Society each time. The man not belonging to the Civil and Military Station cannot now be admitted into the Girdlestone Ward under the present rules. He belongs to the Petta and should be sent to their Incurable Ward as the former contribution of the Petta Municipality to the G. Ward has been stopped altogether.

My dear Mr. Shujaat Ali,

The Residency Surgeon is in difficulty what to do with a pauper named Siriah, Kumbar caste, a resident of Mysore District. He was admitted into the Bowring Hospital on 16th June 1893 for paralysis of an incurable nature.

The Residency Surgeon represents he cannot keep him in Hospital as the bed he occupies is wanted for a curable disease. The Girdlestone ward cannot take him as he is not a resident of Cantonment and the City municipality refuse to have him for want of room!

It seems cruel to put the man out in the open street and as he belongs to the Mysore State, the latter authorities appear bound to see he is not sent adrift.

The Resident does not wish the matter to drift into official correspondence and has desired me to write to you D.O and ask you if some arrangement cannot be made to take the pauper over. Possibly Dr. Megann would take him over.

Will you kindly move in the matter and let me know as soon as you can?

Yours sincerely,

My dear Mr Ewing

I beg to bring to your notice that the Lingayen Municipal Council is nothing to the Guillermo Ward: their contribution to the Provincial is little enough as Mr Lee Warren said for the whole Province, but in Mr G. Ward we have to take into the miserable of the Province if sick to from the B.G. Hospital with a Doctor's Certificate: the Petta Municipality with whom their pound of R600, agent from seven to five years ago & now we are constantly being asked to take in people who frequently belong to the Petta & about this Mr T.T. Leonard can give you further information.

May depend on writing to you as to ask you to say this subject before H. H. the Maharaja this is the only contribution remaining mainly for the support of this institution which is maintained chiefly for the afflicted of the subjects. The Municipality of the station pays us Rs 100 a month & we get about Rs 30 a month from other sources but this is small enough for such an institution as ours. Rather than this the Mysore Govt. and the Central Govt. should form a Ward specially devoted to these helpless sick and needy; because the former only look after appealing & the public & those which would be better than if H. H. should not come forward to help us in behalf of the poor.

Dear Sir,

I know the keen interest you will be good enough to take in the welfare of the Residents that the Consignment of Dr. Ross having completed & the whole a number of women & children have been left destitute in this town, & whilst a public subscription could be raised for their relief, he has no means to support them with, I request leave to hand all such cases of absolute destitution, & the Poor-house as an hospital & temporary measure.

The Committee appear to think this should only be used for such a purpose and have decidedly opposed any appeal upon the public for further assistance whilst we have so large a sum lying idle in the Bank. In the meantime some have been provided with sub-divn rations till the 16th instant, but it does not appear likely Dr. Ross will be able to make any appeal to the public for some time, & should be much obliged if Mr. Emery will be good enough to keep us informed on the subject or call for a General Meeting of the subscribers as it is very necessary some decided steps should be taken before the 16th instant, when the present allowance of Rice for destitute people will expire.

Dear Erskine

Only the women & children who are the survivors of cholera cases. I got the F. in Need Society to give them charity until I can get up a little subscription for them, which I shall not have time to do for a day or so yet, though Fischer, Etty, Annasami Mudali & I had a meeting about it & decided to appeal to public. F. in N. Society appears to be sticking against giving the money in the meantime though they

in case he does not I should like to have more particulars when I take this up to him tomorrow.

Dear Sir,

Your letter No. 376 of the 6th instant. The Resident regrets that owing to very pressing demands upon his time he has been unable to to attend to it before. Mr Young understands that the destitute women and children referred to are the survivors of Cholera cases and that a Committee ~~constituting~~ consisting of Dr Ross, Mr Etty, Mr Swaminny Moodr and yourself decided some few days ago to appeal to the public on their behalf. Pending this appeal and the collection of money subscribed in response thereto the destitute have been sent to the Poor house which institution has a large fund in reserve. The Ex. ~~Engineer~~ Committee appear to think that the funds of the Friend-in-need Society should not have been and should not in future be used for such a purpose. Mr Young desires me to say that as he will be in Mysore for some days he is unable to call a general meeting immediately but he feels sure that the Friend-in-need Society will not refuse to continue aid to these sufferers until Dr Ross has been able to appeal to the public on their behalf.

Yours faithfully

My dear General Fischer.

I am very sorry to hear that there are so few charitably disposed persons on the Garrison. However I do not see what I can do more at present. If I have an opportunity I will mention the D. in it to the Dewan but the Mysore Govt. already is serious to me contribute liberally and the defect at present is the absence of sympathy and support on the part of those who ought to, but won't help. This is very deplorable.

I will of course do anything I can to second your philanthropic efforts in the cause of the poor

Dear Sir/

As you are the Vice-President of this Society, I think it is my duty to bring to your notice the, condition of the funds of the Poor House, and Girdlestone Ward; as regards the former the Subscriptions during the past two years have fallen off so much, we have been compelled to draw upon the balances of former years at the rate of over Rs 100/- a Month to meet the absolute expenses connected with the institution.

1 ——— It is true Mysore Government give a Contribution of Rs 450 a Month towards the Poor House, but unfortunately the Native Community generally make this an excuse for not Subscribing towards maintaing the Poor of the Province; Rs 450 a month is not Sufficient to meet the Cost of maintaining the Poor amongst a Population numbering perhaps four Million and I trust therefore you will Endeavour to get the grant increased from the Mysore Government as all items of Expenditure have increased very largely since the original Grant was made.

2 ——— As regards the Girdlestone Ward we receive a Monthly Grant on Certain Conditions from the Municipality & Civil & Mily Station of about Rs 100/- a Month and from the Public generally

Rs 3/- a Month, the Petta Municipality withdrew their grant long ago, and we receive nothing from the Mysore Government for the maintainance of an institution which was established to maintain and support the cripple Poor of the whole Province.

3 ——— I beg you will therefore be good enough to use your influence with Mysore Government and Petta Municipality to give us, at least Rs 50/- a Month for Support of such an invaluable institution.

4 ——— I beg to add the Resident has and will no doubt on his return use every endeavour to get an increase to our Monthly Subscription from the Garrison and Public generally, and as I feel sure the Mysore Government would not like to be behind hand in so Charitable work.

I have laid the matter before You for your most favorable Consideration and trust you will take an early opportunity to secure us all assistance you possibly can.

In the event of your wishing to see the Executive Committee on the Subject I beg to inform you the Committee meets every Wednesday at 8. O'Clock A. M at the Post House, instead of on Thursday as heretofore.

I am Dear Sir

P.S. I give below the actual outlay each month during this year for the maintenance of the Giddlestone Ward showing an average excess over receipts of Rs 33-8-0 per month and thus we have a balance of only Rs 46/- in the Bank; unless we get some immediate assistance we shall be obliged to draw upon the reserved balance.

I enclose herewith Government of India's have made a Grant of Rs. 2000 to the Bowring Hospital from the Surplus Revenues of this Station and now write to suggest to you the advisability of asking them to make a grant from the same source to the Poor House and the Girdlestone Ward.

The Mysore Government make us a grant of Rs 450 for the former but nothing for the latter; the Station Municipality give us Rs 50/- for the Poor House & Rs 100 for the Girdlestone Ward on certain Conditions.

Our expenditure as you are aware is far in excess of these grants and the Subscriptions from the Garrison and the native Community have fallen off very largely during the last 3 years and is still diminishing we are quite unable to relieve or support the Poor of the Station and those who flock into it, not only from all parts of this Province but from all parts of India also; under these Circumstances I trust the Government of India will see the advisability of encouraging and supporting the Mysore Government and the Municipality in their endeavours

I am afraid there is no chance whatever of obtaining a grant from the Govt: of India for the Friend-in-need. They have given 20,000/- towards the extension of the Bowring Hospital building not towards the upkeep. I should be very glad indeed if I could devise a method of helping such a deserving charity, as the Friend-in-need but am sure that the Govt: of India rules and principles would not admit of their assisting us.
